International Alliance for Biological Standardization (IABS)

With the support from:

Osaka University Graduate School of Medicine

IABS Cell and Gene Therapy Committee Chair:

Takao HAYAKAWA, Ph.D.

AGENDA (Draft on 27 November 2019):

※Please refer to the HP for the latest information.

Day 1 – Tuesday, 4 FEBRUARY 2020

Keynote Address 1 Stem cells and their clinical applications: *Dr. Yoshiki Sawa (Osaka Univ.& JSRM)*

Keynote Address 2 Points to consider for the evaluation of human cell therapy products: *TBA*

Session 1 Global regulatory landscape of cell therapy products

Session 2 Sustainable availability of qualified raw materials for manufacturing of hCTPs

Educational Lectures New analytical technologies for cell therapy products and related materials

Panel Discussions Quality standards of biological raw materials for manufacturing of cell therapy product

Networking Reception

Day 2 – Wednesday, 5 FEBRUARY 2020

Keynote Address 3 The world's first clinical study for corneal cell sheets made from human iPS cells: *Dr. Kohji Nishida (Osaka Univ.)*

Session 3 Tumorigenicity Assessment of cell therapy products

Panel Discussions Tumorigenicity Assessment of cell therapy products

Keynote Address 4 CAR-T Story from EMA's Viewpoint: *Dr. Matthias Renner (PEI)*

CAR-T Story from PMDA/MHLW's Viewpoint: *Dr. Yoshiaki Maruyama(PMDA)*

Session 4 Characterization and QC of hCTPs and/or their critical intermediates :identification of critical quality attributes (CQA)

Panel Discussions Characterization, specifications (especially, potency), and comparability of hCTPs

Session 5 (Panel Discussions) Toward international convergence of core scientific elements and evaluation of hCTPs

Registration fees:

*Early registration (before 17 January 2020)	
Trainee / Student*/Special Government :
